I have appointed you as a PROPHET to the Nations, you shall go where I send you! Jeremiah 1

July 2016

Dear Friends,

Happy Independence Day! Jesus has set us free from fear, bondage, sickness and poverty! It's time to celebrate the fact that we are son's and daughter's of an All-Powerful God because SUPERNATURAL SUMMER continues in full swing!

One of the things Cyndy & I have been focusing in on lately is -

N-ergizing Your Faith For Healing in Your Family!

There is a story about Jairus, and his daughter who was very sick. He came and fell at Jesus feet & spoke faith.

Always go to Jesus and speak in faith. I love Jairus faith words.

My little daughter lies at the point of death.

Come and lay your hands on her, that she may be healed, and SHE WILL LIVE!

This became the **FAITH PLATFORM** that Jesus was working with. No matter what distractions would come after this, Jesus only focused on what Jairus had declared. **Jesus is focusing on what you have said!**

Have you ever had your faith interrupted? Jairus did. Read about it in Mark 5:22-43.

3 different interruptions happened to him after he asked Jesus for help:

1. A woman shows up with a issue of blood & touches Jesus garments and gets healed
2. A messenger comes and delivers a bad report that Jairus daughter was dead

Jesus said to Jairus — **KEEP YOUR FAITH IGNITED!**

3. They show up at the house & everyone was caught up in a spirit of grief, not faith.

Jesus kicked out the distractions! Don't let FEAR distract you when something bad happens or someone gets sick. Don't move into a state of emotional helplessness. Now is the time to build your faith. Jesus then took the girl by the hand, and told her to get up. Suddenly she was up walking around and getting something to eat!

Jairus had opportunity to let his faith be distracted but instead He kept His faith ignited. Jairus Name comes from a word that means **"Set On Fire!"** Once we take a stand to believe God's Word no matter what, we declare our faith, and then keep it ignited!

One summer we were on the road traveling and ministering and I woke up in lots of pain. So much pain that I got Cyndy up and said “Take me to the hospital.” We got in the van as quickly as we could and drove into the darkness. We were in Canada and our boys were with us. We had to drive about 20 minutes to find a hospital. The opportunity for fear and doubt was trying to attack us. **Cyndy in particular had to take hold of her EMOTIONS & speak the Word to keep it all together because she knew if she lost it—it would be hard to get back into faith. So she just chose to stay in FAITH.** The doctor ended up saying I had pulled a muscle, and just needed to take it easy and sleep for about 3 days.

***We had put the word inside of us and when we needed it—
it came up and N-ERGIZED us for HEALING!***

We are N-ergizing our Faith for Healing in the Body of Christ. Believe that your body is operating like it should be, that you are walking in divine health and have the energy to do all you need to do. Yes, you have to do what we call “Due Diligence!” and take care of yourself, exercise, eat the right foods, sleep and drink plenty of water. Repent and ask God to help you with that right now if you need to make some changes. He wants you **N-ergized FOR HEALING so you can share the Gospel with your family & friends this summer.**

We want to thank our partners for your prayers and support. It means so much to us that you are standing and believing with us. As you sow your seeds of prayer & financial support this month realize that we are ***Standing with You for Healing—spiritually, physically & financially*** for your family & friends. God is doing amazing things and you are an important part of sending us wherever God needs us to be, to speak a word in due season and change the spiritual atmosphere. We are all in this together!

Reaching Nations & Generations,

Spencer & Cyndy Nordyke
